PROFESSIONAL SUMMARY

MCA graduate working as a Full Stack Developer at OpenTechz Solutions, building business web apps with Python, React.js, Next.js, FastAPI, Django, PostgreSQL, and MongoDB. Moved into software development after working in MIS and Business Development. Comfortable across the stack, from database design to REST APIs to frontend, and use Git and Postman daily for version control and API testing.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, C

Frontend: React.js, Next.js, HTML5, CSS3

Backend: FastAPI, Django, REST APIs, JWT Authentication

Databases: PostgreSQL, MongoDB, SQLAlchemy

Tools: Git, GitHub, Postman, VS Code, Linux

Core Concepts: OOP, DBMS, Data Structures & Algorithms, Operating Systems, Computer Networks

Languages: English, Hindi, Odia, Bengali

WORK EXPERIENCE

Full Stack Developer

OpenTechz Solutions — Bhubaneswar, India | Jun 2025 – Present

- Joined as a Python Developer Intern in Jun 2025 and converted to full-time Full Stack Developer in Sep 2025 based on performance.
- Worked on Python-based business web applications using React.js, Next.js, FastAPI, Django, PostgreSQL, and MongoDB.
- Added and maintained 8 API endpoints as feature requirements changed.
- Set up login and role-based access for 5 user roles, including permission checks on protected routes.
- Modified PostgreSQL schemas and MongoDB collections when the data model needed to change.
- Used Git, GitHub, and Postman for version control, API testing, and bug fixing.

PROJECTS

Recruitment & HR Management System | [GitHub](#) | [Live Demo](#) | May 2025

Tech Stack: React.js | Next.js | Django | FastAPI | PostgreSQL | MongoDB | SQLAlchemy | JWT

- Built candidate registration, job posting, application tracking, and interview scheduling modules with role-based access for HR, candidate, and admin, tested with 100+ mock candidate records.
- Wrote REST APIs in Python for login and application status stages (Applied → Interview → Offer/Rejected), with response times under 300ms.
- Used PostgreSQL for structured data and MongoDB for resumes and unstructured candidate details.
- Built the frontend in React.js/Next.js and tested all APIs in Postman before integration.

Spend Track | [GitHub](#) | [Live Demo](#) | Jun 2024

Tech Stack: React.js | Next.js | Django | FastAPI | PostgreSQL | JWT

- Built the approval workflow, blocking invalid status jumps like 'Submitted' straight to 'Paid.'
- Worked in a 4-person team, built role-based dashboards and approval history tracking.
- Set up JWT-secured routes so no one, including approvers, can approve their own expenses or act outside their assigned role.

EDUCATION

Master of Computer Applications (MCA)

Biju Pattanaik University of Technology, Odisha | CGPA: 8.11 | 2023 – 2025

Bachelor of Science (B.Sc.)

Fakir Mohan University, Balasore, Odisha | 2011 – 2014

CERTIFICATIONS

- [Python Programming Certificate](#) | Jul 2025
- [C Programming Certificate](#) | Jul 2025
- [Digital Marketing / SEO Certificate](#) | Jan 2022
